Dear Members:

Thank you very much for your gift of nine sound tape recordings to the University Archives. These recordings of Otto Geist, Ivar Skarland, Mariette Pilgrim, Harry Badger, Wendell Gswalt and James Van Stone make an excellent addition to research collections that document the history and development of Alaska.

As requested by Mrs. Genaus, these tapes will be made available to you should you wish to re-play them at a future meeting.

We appreciate your interest in the Archives and your assistance in the efforts of the University to preserve much of Alaska's history.

Sincerely,

Paul McCarthy
