Dan Karmun

3-8-02

This recording was done at the  
Nordale School during a  
Class for teachers on reader  
binding. Dan was an invited  
Speaker. At the end of his  
presentation he shows some  
slides from his collection.

They probably are not  
visible on the video since  
I was unable to get back  
to the camera. There is a

Background that we could  
not compensate for.

Dan's presentation is on  
the history of heading &  
involvement of the University  
& Wren's Airlines.
