Tape Identification and Index

All of this information is fairly straightforward although immensely important. The better you are able to identify the most important subjects discussed, the easier it will be for researchers to tell the history involved. Please identify keywords and subject shortly after you conduct the actual interview. For the Tape Identification # use the following format: Region # and Date (2 digits for day, month, year)
 For example an interview conducted in Region 7 on January 2, 1999 would be identified as Tape # 7010299
