Dear Mark,

Enclosed, per request of Liz Williams (FWS Alaska), is the original release -- signed by me -- for my father's 1998 Oral History interview with her. I understand she'll soon be forwarding the final transcript that we have jointly edited over the past couple months to you electronically.

As you'll note on the release, I deeply appreciate Liz' dedication and professionalism to getting the job done. Her pursuit and completion of this history for more than a decade has meant a great deal to me personally, and I believe her accomplishment has materially advanced the mission and morale of the Service.

If you have any questions, please give me a call.

Best regards,

Russell C. Watson
