

Exhibit 2.

COPYRIGHT<sup>1</sup>, CONSENT AND RELEASE

I give the U.S. Fish and Wildlife Service and KIYU public radio the right and permission to use information given by me in a recorded interview. I consent to allow KIYU to broadcast edited segments of this information on their show *Raven's Story*, and to distribute the produced tapes or CD's for educational and documentary purposes. This does not allow The U.S. Fish and Wildlife Service or KIYU to to profit from these distributions unless I am consulted. In such cases, I must decide to execute another release prior to profit making purposes. I also consent to allow KIYU to deposit the original recordings in the archives of the University of Alaska Library, Fairbanks, to be available for educational, documentary and research purposes.
