UAF  
Fairbanks AK 99775

Dear Ms Russell:

Enclosed is the tape we discussed about WWII veterans returning to Fairbanks.

I'm sorry, but I don't have so much to say as I thought I did. My voice is difficult to manage because of a stroke.

However, there is about half of one side of a tape finished. There is no depth, but perhaps the surface material will be of some use.

Thank you for your interest, Perhaps, sometime you would be interested in a tape about homesteading. In 1952, I homesteaded on the Tok Cutoff--some of that adventure is mentioned in the enclosed. Mine was one of the last allowed by the federal government.

Enclosed, also, is a copy of the Oral History Gift and Release Agreement.

Sincerely,

*RH Redding*  
Robert H. Redding

Enc: Tape, WWII soldiers returning to Fairbanks

Recorded on 5/01-02/04

PS- I don't know what the noise is in the tape. The tapes I have are old, could that be a cause?

They were given to me by UAF some years ago for another project.
