Father Louis Renner
1312 Peger Road
Fairbanks, AK 99709

Dear Father Renner:

I hope this finds you and everyone else well. Regine and I have been swamped with work - I think I have never had so much work - but while out of touch with you and all the others in Alaska, your words have been close to our ears and your presence near.

I'm enclosing the tapes*. The programs will go out to the public radio network by satellite in early October. When stations will broadcast them I don't know. KUAC will take it, but someone should call the station to ask the day and time. And to put a little pressure on them. We decided to send them out at this time because in public radio October 18th is celebrated as Mission Day!

Please share the tapes with the others. I have sent one to the Bishop - and can make others available later, when I have the masters back from the satellite uplink.

We think of you all with great fondness.

Sincerely,

Helen
