December 5, 2002

Dear Mr. Flickinger,

Thank you for taking the time to talk with me about your radio transmissions during the time of the 1964 Earthquake. As I explained on the phone, there is a section of radio transmission that the Museum at the University wants to use in a sound production that they are planning to sell to interested Museum visitors and people who want to find out about the history of Alaska. The radio piece is part of the museum's audio guide and they plan on making it available for visitors to purchase. They do not plan any other commercial purposes. They will acknowledge you on the CD insert, and will send you a copy when they have completed the project.

We want you to know our intended use and we want your approval to use the recording for this purpose. If you agree, please sign below and mail this letter back to me in the enclosed envelope.

Thank you for your help in this matter.

Sincerely,

William Schneider
Curator of Oral History

I agree to the proposed use of the radio transmission made by me at the time of the 1964 Earthquake.

Terry L. Flickinger
